

The Magic Worlds Partner Program: Strategy Blueprint (Tapfiliate Focus)

Prepared for: The Magic Worlds Leadership Team **Focus:** High-Conversion, Dual-Incentive Web3 Model
Final Landing Page URL: <https://www.themagicworlds.com/play>

I. Program Overview & Financial Model

The program uses a dual-incentive model to maximize recruitment and retention, appealing to both high-value content creators and Web3 players.

1. Affiliate Commission Structure

Payout Type	Basis	Rate & Timing	Purpose
Long-Term Commission	Referred Player's Transaction Value (Revenue)	20% of total player spend (LTV basis). Paid Weekly (Saturdays) .	Motivates affiliates to drive high-quality, high-spending users.
Instant Bonus	Successful Wallet Connect (First-Time)	\$TOKEN (Amount TBC)	Motivates affiliates with an immediate reward for driving the primary conversion event.

2. Payout and Currency

- **Payment Method:** Manual (Data Export Required)
- **Currency:** MWG token or equivalent.
- **Process:** Tracking data is exported from Tapfiliate weekly, and rewards are sent manually by the operations team.

II. Conversion & S2S Tracking Protocol

1. Primary Conversion Event (PCE)

The successful conversion for the affiliate is defined by the **Wallet Connect** action. This event triggers the instant \$TOKEN bonus and establishes the player's lifetime affiliate link.

2. S2S Postback Tracking Implementation

Since the key events occur inside the game app, we are utilizing **Server-to-Server (S2S) Postback Tracking** for maximum security and accuracy.

Tracking Detail	Status	Protocol
Tracking Platform	Tapfiliate	S2S Postback (V1.7 API)
Authentication	API Key	13e59dc5cac6c9465facaa7d86379c77d3793133
Affiliate ID Link	referral_code	Captured from the affiliate's ref= URL parameter on the landing page.
LTV Tracking ID	customer_id	Player's Wallet Address (used in S2S calls).

3. Required S2S Events (Implemented by Engineering)

Event Type	Purpose (Reward Trigger)	API Call
Wallet Connect (Customer)	Triggers the Instant \$TOKEN Bonus and establishes LTV tracking.	/cus/c/ (Create Customer)
Revenue Event (Conversion)	Triggers the 20% Revenue Commission .	/con/c/ (Create Conversion)

III. Target Audiences & Pitch Summary

Target Group	Primary Motivation	Affiliate Pitch Focus
The Affiliate (Recruiter)	Financial (High LTV + Instant Bonus)	"20% Revenue Share" and "Easy Wallet Connect Conversions."
The Customer (Player)	Earning, Quality, and Accessibility	"FREE Download," "Instant \$TOKEN," and "Immersive AI RPG."
